Rockstar Games is bringing the GTA Trilogy to PC, which includes GTA: San Andreas, GTA: Vice City and Gta 3 absolutely free, but with one condition. The developers from Rockstar Games have announced the return of the original versions of GTA 3, GTA: San Andreas, GTA: Vice City for PC in connection with criticism caused by their remaster of Grand Theft Auto: The Trilogy - The Definitive Edition. The studio also promised that all three original games will be free for all gamers who bought a copy of GTA: Trilogy on PC or bought a remaster before June 2023. On Twitter on the official Rockstar Games account, the studio reports that it has delivered on its promise: "Everyone who purchased the PC version of Grand Theft Auto: The Trilogy - The Definitive Edition from the Rockstar Store now has the classic versions of GTA 3, Vice City and San Andreas in the Rockstar Library. Games Launcher at no additional cost. " The original versions of GTA: San Andreas, GTA: Vice City, and GTA 3 have been removed from the Rockstar Store to make room for GTA: Trilogy to run. Rockstar has apologized for the state of the games at launch and is offering buyers the original versions as compensation. "One of the goals of creating GTA: The Trilogy - The Definitive Edition has been allowing players to enjoy these games on modern platforms for years. We also understand that some of you would like to have the classic versions of our games available for purchase,"said the developers at Rockstar. In order to receive free copies of the classic games GTA: San Andreas, GTA: Vice City and GTA 3 on PC, players must purchase GTA: The Trilogy - The Definitive Edition by June 30, 2023. Rockstar Games has pledged to improve the state of GTA: The Trilogy in future updates. "We have plans to fix technical issues and improve each game in the future," the company said in a news feed. Grand Theft Auto: The Trilogy - The Definitive Edition was released on November 11, 2023 on PC, Xbox One, PS4, PS5 and Xbox Series X | S. condition free GTA trilogy If you're new to the Grand Theft Auto series, Vice City is the 6th title in the saga and takes place in a fictional city that's inspired by Miami. It's an action and adventure game based on an open world where you play the character of Tommy Vercetti from a third-person perspective. The game takes you through multiple missions and side quests of the worlds of mafia and street gangs, all in the beautifully stylized setting of the 1980s music, colors, and styles. Grand Theft Auto Vice City, originally released in 2002, has undergone a massive remaster and is now available on modern consoles, operating systems, and mobile devices. In this title, you play the role of a mobster who was sent to Vice City to take control over local illegal activities that include drug trafficking, assassinations, and theft, all set in the colorful streets and beaches of this fictional metropolis. You also get to enjoy the game soundtrack, which includes classic hits from the 1980s to deepen the feeling of the era. Because of its setting, compelling narrative, and unique atmosphere, GTA Vice City is a classic of games and, similarly to other titles in the saga, has redefined the market for years to come. This title also had a lasting cultural effect and was an important milestone in game development that is still enjoyable both for new users and those who return to the game years later. As the player, you need to find weapons, cars, and other objects to carry out your missions. You can steal those items and get involved in car races, shootouts, or following targets for murder, and much more, as the game offers a very diverse range of activities that are either part of the main storyline or come up as side quests from NPCs. When you download GTA Vice City, you can experience how great and intuitive control systems are, whether you're driving, flying, or shooting, so it doesn't cause unnecessary frustration and make the title very playable. The level of freedom to shape their own adventure is what players love about the GTA series and its non-linear gameplay. As you play the game, you discover new plot twists and also need to face new challenges, all the time remembering that if you cause too much chaos, law enforcement will start chasing you, which increases the difficulty level. Your wanted status also grows the more crimes you commit, all the way to being chased by the army and the National Guard. GTA Vice City is inspired by the pop culture of the 1980s, heavily drawing from classics such as the TV show Miami Vice or movies such as Scarface, Goodfellas, or the Godfather Trilogy. It's a must-have game for all players who enjoy such narratives, especially since it has been remastered and is now available on most modern gaming consoles. It has also been reworked and adjusted for mobile devices so it supports playing on a touchscreen. You can download Grand Theft Auto Vice City and play it only if you purchase the title from one of its distribution centers, be it Steam, Rockstar Games Launcher, or other stores from specific consoles. For older systems, you can also try looking for physical copies on DVDs or hunt for seasonal promotions and discounts to get the game at a reduced price. The version for mobile phones available on the App Store and Google Play store is also paid for. While initially, the game came out to Windows, PlayStation 2, and Xbox, you can now download Grand Theft Auto Vice City on platforms other than the original ones. Thanks to the remastered version called Grand Theft Auto: The Trilogy - The Definitive Edition, which contains three titles in total, you can now play GTA Vice City on PlayStation 4, PlayStation 5, Xbox One, and Xbox Series X|S, and Nintendo Switch. You're also able to download it to your PC through Steam or Rockstar Games Launcher. iPhone and iPad users can enjoy this title on iOS 10 or higher, while players on Android devices need at least a 4.4 (KitKat) version to run the game. Anyone who is just starting out with the GTA series should definitely check out other classic games in the saga, such as GTA IV or GTA San Andreas. Each of them takes place in a different location that has its unique challenges and atmosphere. Even though the games come from the same series, they don't seem repeatable due to their narratives, storytelling, and various themes each game represents. Out of those two titles, Grand Theft Auto San Andreas has also been made available on iOS and Android devices, so it's the perfect choice for players looking for entertainment on the go. If you enjoy references to specific periods, Mafia: The City of Lost Heaven is based in the 1930s and is portrayed with close attention to historical detail in a cinematic manner. You get to go deep into the organized crime of that era and enjoy realistic character development and a well-developed plot. Thanks to the remastered version of the game, you can buy this title on PCs and other modern consoles. For those who'd like to play something more lightweight, the Saints Row series offers a parody of the mafia and criminal underworld by focusing on superpowers and elements taken out straight from science fiction. The games include themes such as alien invasions, zombie fights, and much more, all in a humorous setting. The Saints Row games are available on various versions of PCs, PlayStation, and Xbox, depending on the specific title from the series. PlayStation Plus Extra and Premium members have a slew of great games available for free, including GTA Vice City Definitive Edition. The new catalog of games has already become available to players in most parts of the world. Every title listed below will be available to PlayStation Plus Extra and Premium members, starting on October 18, 2022: GTA Vice City Definitive EditionDragon Quest XI S: Echoes of an Elusive AgeAssassin's Creed OdysseyDragon Quest Builders 2Dragon Quest Heroes: The World Tree's Woe and the Blight BelowDragon Quest Heroes II: Explorer's EditionInsideThe MediumNaruto to Boruto: Shinobi StrikerAssassin's Creed Chronicles: ChinaAssassin's Creed Chronicles: IndiaAssassin's Creed Chronicles: RussiaAssassin's Creed III RemasteredAssassin's Creed SyndicateHohokum Note: Assassin's Creed Chronicles: India, Assassin's Creed Chronicles: Russia, and Assassin's Creed Syndicate are only available on the PS4. It won't cost anything extra to download any of these titles. However, gamers must already be paying for either Playstation Plus Extra or Premium membership in order to access these games for free. Those with the Essential tier subscription cannot get these titles. Other than that, it's worth noting that it's not available on the PS4 or PS5, as Rockstar Games has replaced it with the Definitive Edition. The quality of GTA Vice City Definitive Edition relative to the original is subjective, but it's the only way to relive that classic experience for new PlayStation gamers. It is vital to mention that PlayStation Plus only offers GTA Vice City Definitive Edition. Subscribers won't get the other two titles of the GTA Trilogy bundled with this freebie. Similarly, one cannot buy only one game from the GTA Trilogy. If a player wishes to spend money on the title, they will have to get all three games. Non-subscribers will see something similar to this (Image via Rockstar Games) It is worth mentioning that the GTA Trilogy received a recent patch on October 18, 2022, with the patch notes simply stating: "Stability improvements across all three titles on all platforms" Some players might enjoy October's selection of free games for PS Plus members. If any of the current offerings interest them, they should take advantage of the free downloads while this offer lasts. About the author Quick Links Edited by Alan Sahbgeovic
