Houston academy alabama

May 8, 2025 HA names Valedictorian and Salutatorian for 2024-2025 Oct 17, 2024 Coach Tony Kirkland (TK) returns to lead Houston Academy as interim Head Coach for the 2025 baseball season May 6, 2024 HA adds new Girls' Basketball Coach; Ken Klinger Mar 7, 2024 Houston Academy 1st Semester Honor Roll 00days.00hours:00minutes:00seconds At Houston Academy, we believe that education is the foundation upon which a bright and successful future is built. Our goal is to foster a dynamic and nurturing environment where every child can thrive academically, emotionally, and socially. We are committed to cultivating not only sharp minds but also compassionate hearts and strong characters. As you explore the possibilities for your child's education, please be assured that Houston Academy is dedicated to providing an exceptional educational experience that is both enriching and empowering. Our distinguished faculty members are passionate about teaching and are deeply invested in the success and well-being of each student. They use innovative and research-backed teaching methods to engage students and encourage a love for learning that lasts a lifetime. We recognize that every child is unique, with their own strengths, challenges, and passions. With small class sizes, we are able to tailor our approach to meet the specific needs of each student, ensuring that they receive the support and encouragement they need to reach their full potential. We are the only college-preparatory, independent school in Southeast Alabama accredited by the Southern Association of Colleges and Schools (SACS) and the Southern Association of Independent Schools (SAIS). We are also the only member of the National Association of Independent Schools (NAIS). Our accreditation affords our students many scholarship opportunities not available to graduates of non-accredited schools. To begin the admissions process, please visit our admissions page at to fill out the online inquiry form. We are here to assist you every step of the way and address any questions you may have. Additionally, we host campus tours throughout the year, providing an opportunity for you to experience firsthand the warmth and vibrancy of our school community. We understand that selecting the right school for your child is a significant decision, and we are honored that you are considering Houston Academy. We eagerly anticipate the opportunity to get to know you and your child and embark on this exciting educational journey together. We have been a part of the school family for the past twelve years and the experience has been fantastic. The academics are challenging and prepare the students for the future. The teachers are excellent and want their students to succeed. They are always willing to provide extra help when needed. The sports programs are great and the coaches are good mentors to the students. The student life has many different clubs and activities for students' participation. The Administration is always looking to improve the school in all aspects. Houston Academy is a great experience preschool through twelfth grade. - Posted by Parent - Melissa Flanagan 5 4/10/2017We have two children at Houston Academy and have been a part of the HA family for eleven years. HA combines a rigorous academic curriculum with a multitude of fine arts and athletic opportunities. We have always felt like Houston Academy is a family where the faculty sincerely care about the success and wellbeing of each child. If you are looking for an outstanding college preparatory school where traditional values are taught and followed, Houston Academy is THE choice. - Posted by Parent - Kimberly PfeifferEndorse Houston Academy. Endorsements should be a few sentences in length. Please include any comments on:Quality of academic programs, teachers, and facilitiesAvailability of music, art, sports and other extracurricular activitiesAcademic or athletic awards May 13, 2025 5 Reasons You Might Be Looking At The Wrong SchoolsMany parents unknowingly focus on the wrong criteria when selecting a school for their child. This article highlights five common mistakes families make when evaluating schools and offers practical advice to help them refocus on what truly matters. From academic fit to school culture, learn how to make the best choice for your child's future. April 19, 2025 Pre-AP, PSAT/NMSQT, BlueBook, and MoreThis article explains the College Board's programs designed to prepare middle and high school students for the SAT. It covers Pre-AP courses, and the PSAT Suite of Assessments, highlighting how these programs use technology to enhance learning. April 18, 2025 Independent Schools in AfricaDiscover Africa's vibrant international education landscape with our comprehensive guide to private K-12 schools across the continent. From British and American curricula to French, German, and niche language programs, explore how expat families can find world-class education tailored to their needs. Learn about boarding and day schools in South Africa, Tunisia, Morocco, Egypt, and beyond. Share — copy and redistribute the material in any medium or format for any purpose, even commercially. HA is the only independent school in the region that focuses on college preparation and global education. Students who come to Houston Academy seek a well-rounded educational experience that includes a strong emphasis on challenging academics, community involvement, athletics, and the arts. Houston Academy is an independent college preparatory institution. Our mission is to prepare all our students for responsible participation in a global society by providing an excellent learning environment and opportunities to achieve their highest academic, social, and creative potential. There is an important distinction to be made between the term "private" and the term "independent." The term "private" implies some sort of exclusivity. As such, "private" schools are often affiliated with a particular religious order, and in that sense, are not entirely free to set their own educational path. Often, in order to work at a private school or attend a private school, you must adhere to a certain worldview or be a member of a particular religious denomination. "Independent," on the other hand, means that we are inclusive and welcoming of all people, regardless of religion, race, creed, national origin, or socio-economic status. That is not to say that we do not embrace faith or religion - we do. However, in independent schools like HA, we embrace the diversity of our community and attempt to learn from our differences and build on our students' and faculty's individual strengths. This means that the goal of preparing our students to be successful in college and in life is at the core of everything we do. As such, we are the only school in the Wiregrass with the explicit mission of college preparation. We are unapologetically rigorous, and we hold our students and teachers accountable to an unwaveringly high standard of excellence. At the same time, we provide a loving and nurturing environment in which our students receive the support they need to be successful. At Houston Academy, we understand that our students are entering an increasingly connected world. This requires imparting a skill set for our students that goes far beyond classical educational traditions. Our students must be 21st Century Learners. They must learn to collaborate, communicate effectively, engage in creative reflection and thought, think critically, possess enduring moral character, and have strong cross-cultural competence. To this end, we are the only school in the Wiregrass that is a 1:1 MacBook school in grades 5-12, and we are the only school that has integrated interactive projectors and iPads throughout our lower school curriculum. We seek to move beyond rote learning and meaningless memorization (methods that were the hallmarks of the classical educational model), to higher level thinking on Bloom's Taxonomy. In addition, we offer four World and Classical Languages (German, French, Latin, and Spanish). We offer Spanish starting with our four-year-old preschoolers, and we will expand our middle-grades and lower-grades language offerings in the very near future. Each student has individual strengths that we seek to recognize and enhance. All of our student go to college, but they are also musicians, actors, community volunteers, tutors, dancers, and artists. It is not unusual, despite our small size, for HA to lead the Wiregrass in the number of students selected for All-State Band and Chorus. Furthermore, our student art has received regional acclaim, and community service is not only required for graduation, it is a central part of what we do. Houston Academy is committed to providing the best technology resources and solutions in support of the school's mission and the Strategic Plan. Houston Academy seeks to utilize technology as the essential, transformational tool of the digital age. State-of-the-art technology tools integrated into our curriculum offer our students a comprehensive 21st century education. At the beginning of the 2012-13 school year, an initiative began that provided students in kindergarten through fourth grades 1:1 access to iPads. In December, all students in grades 5-12 were issued MacBook laptops for use 24 hours a day, 7 days a week. Houston Academy is the first school in the Wiregrass area to provide all K-12 students 1:1 access to these mobile learning devices. Our teachers and administrators are involved in ongoing training provided by both Apple, Inc. and our own technology staff. Full-day inservices and after-school training sessions provide faculty and staff the opportunity to learn both software apps and new and exciting ways to integrate these wonderful learning devices into their classrooms. We believe that technology allows teachers an additional means to differentiate learning, connect with students with different learning styles, and create an environment where students learn to work collaboratively. Founded in 1970, Houston Academy (HA) is southeast Alabama's premier college preparatory school. HA is the only independent school in the region that focuses on college preparation and global education. Students who come to Houston Academy seek a well-rounded educational experience that includes a strong emphasis on challenging academics, community involvement, athletics, and the arts. Houston Academy Mission Statement. To seek. To find. To share. We seek to do our best. We find our greatest potential. We share what we have discovered. Houston Academy has been named the "Best Private School in the Wiregrass" by the Dothan Eagle for the third year in a row! Houston Academy Athletics received this sportsmanship award for being free of fines and ejections during the 2015-16 season in all sports. Houston Academy was recognized as an AISA "Blue Ribbon School", exemplifying excellence in instruction, staff development, academic performance, student life, leadership, and community interaction during the 2015-16 year. We are the ONLY school in the Wiregrass that has met the rigorous certification requirements of the Southern Association of Independent Schools, the Southern Association of Colleges and Schools, and the National Association of Independent Schools. Our Accreditation and Memberships On any given week, you're likely to find Raider fans cheering for our athletic teams, or admiring art work hanging throughout the campus. Students broadcast campus news from our television station and enjoy access to outside benches. Upper School students hang out in the breezeways, and seniors enjoy the perks of better parking and locker location. Juniors are buzzing about the prom theme and trying to keep it a secret. Homecoming week is filled with dress up days, face painting, bonfire and black light routine, and finally the announcement of the queen and court at the culminating pep rally. The mutual trust and respect of students and teachers are at the heart of school life at Houston Academy. Students are responsible for promoting a sense of honesty and integrity within their community by setting an example for others to fully support the Honor Code. Students at Houston Academy learn to think for themselves and solve real-world problems to prepare them to "achieve their highest academic, social, and creative potential." Lower School is where it all begins. This is where young children make their first connection to the joy of learning. In the middle school years, the stage will be set for success in high school and beyond. Houston Academy's upper school offers a rigorous, college preparatory curriculum, including Advanced Placement offerings in every discipline. Initial Fees A one-time non-refundable fee of \$200 is required with the initial enrollment contract and will be billed to the student's FACTS account.
