Download Article Download Article Link Your Partner Number |Add Your Partner Card |Tips As a Starbucks store, you qualify for discounts on your favorite beverages, food items, and merchandise in any company-operated Starbucks store. To make sure you get your discount when you place orders in the mobile app and in a store, you'll need to
link your partner number to your Starbucks account and add your Starbucks account and add your Starbucks app. But don't worry—once you know where to add your Starbucks partner number and card information to the Starbucks mobile app. To get
your partner discount for mobile orders, link your partner number to your Starbucks account in a store, you'll also need to add your Partner Card to the mobile app as a gift card. When paying at the register, just tap the Scan icon at the bottom of the Starbucks app to bring up your scannable
Partner Card code. 1 Go to in a web browser. To make sure you get your partner discount when buying drinks, food, and other items in the Starbucks account in a web browser. Even if you've already added your Partner Card to the mobile app as a gift card, you'll still need to link
your partner number to get your discount when paying in the Starbucks app. You can use any web browser on your partner number, your partner number. 2 Sign in or create an account. If you already have a
Starbucks Rewards account that you use in the mobile app, you don't have to create a new one—just sign in to an existing account, click Sign in on a computer or tap the three-line menu and choose Sign in on a phone or tablet. If you don't have an account, you
can create one by clicking Join now at the top of the page (on a computer) or tapping the three-line menu and selecting Join now (on a phone or tablet. If you're using a computer, adding your partner number to your account is super straightforward. But on a phone or tablet,
you'll need to request the desktop version of the Starbucks website so you'll see the option to add a partner number. If you're using Safari on an iPhone, tap Aa in the address bar and choose Request Desktop Website. In Chrome, tap Aa in the address bar and choose Request Desktop Website. In the Samsung Internet browser, tap
the three lines at the bottom-right and select Desktop site. 4 Click or tap the Account menu. You'll see it at the top-right corner. 5 Select Personal info. This option is near the middle of the menu. 6 Scroll down and select Add your partner number. It's just below your name, address, and birthdate. 7 Enter your partner number and last name. Type your
partner number (which is usually 6-8 digits) into the first field, and your last name (as it appears on your Starbucks pay stubs) into the second field. 8 Click Save. Now that your partner number is linked to your Partner Card to
the Starbucks mobile app, you'll need to do so if you'd like to use your partner discount when paying in stores and/or earn rewards on your mobile purchases. Advertisement 1 Get your Partner Card as a gift card in the Starbucks mobile app, you can use your card to pay at the register and receive
your discount. If you already have your physical Partner Card, even if it's a temporary paper card, you'll find your 16-digit Partner Card number and 8-digit PIN on the card. If you don't have your card, you can find it in MyPartnerInfo (MPI): 2 Open the Starbucks mobile app. If you haven't already downloaded the app, you can get it from the App Store
(iPhone/iPad) or Play Store (Android).[3] 3 Sign in or create an account, tap the three lines at the top-right and select Join now to create one. 4 Tap the profile
icon. It's the person inside of a circle near the top-right. 5 Tap Starbucks Cards & payment. It's the second option under "Profile." 6 Tap Got a gift card? Add it here. You should see this near the top of the screen.[5] If you don't see this, tap the Payment tab, choose + Add payment, and then select Add a gift card. 7 Enter your Partner Card number and
PIN. Even though you chose the option to add a gift card, the Starbucks app will recognize your card information as a Partner Card. Enter the 8-digit PIN into the "Security code" field.[6] 8 Tap Add card. It's the green button at the bottom-right. 9 Make a purchase using your
Partner Card. Now that you've added your Partner Card to the Starbucks app, you can easily bring it up when paying in store by tapping Scan at the bottom of the screen. To use your Partner Card for mobile orders, just select your card as your payment
method at checkout. However, you won't get your partner discount until you've linked your partner number to your Starbucks account. 10 Make your partner discount until you've linked your partner number to your Starbucks account. 10 Make your partner discount until you've linked your partner number to your Starbucks account. 10 Make your partner number to your Starbucks account. 10 Make your partner number to your default payment method. To switch to your
Partner Card, follow these steps: From the main screen, tap the profile icon and select Starbucks Cards & payment. Tap your partner card under "Manage Starbucks Cards." Tap the switch next to "Make in store default" to turn the feature on. Advertisement Ask a Question Advertisement Thanks Thanks Advertisement Reviewed by: Professional
